Dear Mr. Joseph Sabello,

Please accept this letter as my formal resignation from my position as **Tech Developer** with the company, effective immediately, in accordance with the required notice period.

This decision was not made lightly. It is the result of careful thought, thorough evaluation, and considerable reflection on my personal and professional goals. After giving this matter serious consideration, I have concluded that this is the right time for me to pursue a new direction in my career. While making this decision has been difficult, I do so with sincere gratitude for the opportunity to have been part of the Underground Apparel.

I would like to express my heartfelt appreciation for the trust and confidence extended to me during my probationary period. I am grateful for the opportunity to contribute to the company's technology initiatives and to support the development of solutions that enhance business operations.

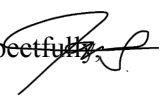

During my time with the company, I had the privilege of contributing to the development of several key systems and applications, including the **UA Staff Connect** platform, the **King Pata Admin Dashboard**, and the **King Pata Application**. I also assisted in conducting security reviews and audits of the ongoing Android development of the **Joseph Sabello App**, helping identify potential security concerns and supporting the implementation of secure software development practices. These projects allowed me to strengthen my technical expertise while collaborating with different teams to deliver solutions aligned with the organization's objectives.

The experience I gained, the challenges I encountered, and the knowledge I acquired have all contributed significantly to my professional growth. I sincerely appreciate the opportunities I was given to learn, develop my skills, and contribute to meaningful projects. I will always value the experience of working with the company and the professional relationships I have built during my time here.

To ensure a smooth transition, I will complete my assigned responsibilities, provide thorough documentation of my work, and extend my full cooperation throughout the turnover process.

Thank you once again for the opportunity to be part of the organization. I wish the company and the entire team continued success and growth in the years ahead.

Respectfully,

Jan Lurence Espinosa
Tech Developer
